# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on DECEMBER 11, 1977
- Export Shipments in  
Current Marketing Year
- Daily Sales Reported  
DECEMBER 12 - 18, 1977  
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of December 22, 1977 (based on reports from exporters for the week ending December 11 unless otherwise noted.

Wheat: The export market continued fairly active with the USSR and Brazil the major buyers. Several other countries also made significant additional purchases. Sales previously reported to unknown destinations declined sharply, due to the assignment of final destinations and contract adjustments (foreign purchases/cancellations). New sales to Colombia of 190,000 metric tons (MT) for 1977/78 and 70,000 MT for 1978/79 were reported under the daily system. Exports (681,300 MT) were sharply above recent levels, totalling the largest since the week ending September 25.

Corn: Sales activity (1,217,300 MT) continued at a healthy rate for the fifth consecutive week. The USSR again dominated activity, although numerous other countries also added substantial quantities to existing balances. Sales to unknown destinations fell as assignment of specific destinations (Japan, Korea and Greece) and contract adjustments more than offset new sales. Sales to Mexico declined significantly, due to cancellations of 55,600 MT. Under the daily reporting system, new 1977/78 sales totalling 173,500 MT to unknown destinations were reported. Exports continued heavy for the fourth consecutive week.

Oats: Sales picked up as West Germany added 6,400 MT and 10,900 MT were reported sold and shipped to unknown destinations. Exports continued moderately heavy.

Sorghum: Market activity was limited as sales to Japan and unknown destinations accounted for most of the week's business. Exports were strong, reaching the second heaviest pace so far this marketing year (MY).

Rice: Small commercial transactions once again dominated the rice market as new sales were modest. Exports continued moderately heavy for the fifth consecutive week.

Soybeans: Net sales (367,100 MT) continued relatively heavy for the third consecutive week. The EC, Spain, Taiwan, Japan and Peru (first sale of MY) were the major buyers. Exports (318,500 MT) were modest with many countries participating, including the initial export of the MY to Malaysia.

Soybean Cake and Meal: Activity was slow with a few new sales and a number of destination changes. New sales were reported to the Netherlands and Canada. East Germany and Spain were assigned as final destination on previously reported unknown sales. About half of the 97,800 MT exported went to East Germany.

Soybean Oil: Sales of 28,500 MT to unknown destinations and 8,600 MT to India made up the bulk of the 39,800 MT sold during the period. Exports (21,800 MT) went to Iran, Peru, Taiwan and Ecuador.

Cottonseed Oil: Continued heavy sales to Egypt, AID financed, made up most of the 17,000 MT of new sales. Exports (4,100 MT) went primarily to Venezuela.

Cotton: Sales activity rose to moderate levels (67,900 RB) following two very slow weeks. Korea bought significant quantities of MY's 1977/78 and 1978/79, while Japan and Hong Kong added to 1977/78 purchases. Exports of 118,400 RB set a new weekly record for this MY with 73 percent to Asia.

Barley: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
